Good morning Nancy,

Just looked at the photos of my new baby. I AM IN LOVE!

We are playing with a few ideas of how to get the puppy here. I talked to my brother (North Carolina) yesterday, my mom lives in Michigan (by Detroit). Possibility of my brother visiting her in a week or two, he could then swing by you and bring the puppy to Detroit, and I would pick him up from my mom's. Not sure yet. I just hate to ship him by plane, this may stress him out. Attached are photos of me and my family.

Hi Nancy,

Just to keep you informed:

Hatchi is doing great! He is totally beautiful or even gorgeous! He is also very smart and very loving. We spend lots of time together and we often visit our local "doggie hotel" (with about 30 other dogs) in order to socialize him. The lessons are going very well.

I never yet got any of his papers from you. The only thing that I have is the paper which was sent with him via plane and his rabies certificate. I will need all the rest of his papers so I can register him with the AKC. The long-term plans are for him and Maia (my other beautiful long-coat shepherd) to have some awesome babies one day. I know that you stated that you were going to or that you did mail it. But at my end I received nothing yet. Please check into this matter for me when you get a chance and find free time. Thank you very much.

And once again thank you for the blessing of Hatchi in my life.

Hi Nancy,

Just short FYI: Hatchi is doing great! He is totally beautiful and very smart (boy, don't we wish humane kids were like that...). He is a very good companion and my great friend. I just have to keep an eye on my very dear neighbor, as she totally fell in love with him! We both laugh that he will permanently move in with her (she always gives him delicious treats).

I still don't download any of his photos, but I will soon.

I NEVER received ANY of his papers yet. I know you stated that you sent them, but I received NONE. PLEASE look into this as I for sure would like for my other shepherd Maia to be his future bride. I think their litter will be beautiful. But I need to register Hatchi with the AKC. This is not urgent, but please do send me your reply so I know you received my request.

Thank you very much.

Sending you Maia's pictures

God bless,
Andrea

Hi Nancy

Not sure if you received me previous email. I purchased a long coat German shepherd puppy from you about 2 years ago. We named him Hatchi and he is absolutely adorable, beautiful, sweet boy. We love him very much! He gets constant compliments on his looks. Thank you so much for making my life a happy one!

Hi Nancy,

yes we are the ones in Wisconsin. I am very sorry about the loss of Hatchi's dad. I wish I knew earlier, perhaps we could continue his beautiful line, we neutered Hatchi about 3 months ago. Such a shame... I was playing with the idea of puppies, we have a gorgeous female too, but then after extensive research I decided it was too risky. Maia was then spayed also.

Yes please feel free to post Hatchi's photos, I will be glad to be your great reference. Feel free to re-word my statement to sound better too. I will send you more Hatchi's photos so you can pick best ones. I will send in few steps, so the file is not too big

Once again, thank you so much

God bless
Andrea
